

SUPREME COURT OF LOUISIANA

REPORT

To The

LOUISIANA STATE LEGISLATURE

Regarding

Act 116 of 2021

January 25, 2022

TABLE OF CONTENTS

Introduction	1
Supreme Court actions taken to fulfill Section 4 of Act 116 of 2021 requirements.....	1
Notes to the reports	2
Court budget documents.....	3
Courts of Appeal	7
District, Family, and Juvenile Courts	38
City, Parish, and Municipal Courts	484
Appendix 1: Revenue and expense information from the district and city courts combined with direct support to those courts from state appropriations.....	764
Appendix 2: Online uniform budget form and instructions.....	769

INTRODUCTION

During the 2021 regular session, the Louisiana legislature included the following language in Act 116, the judiciary appropriations bill:

Section 4. Notwithstanding any provision of law to the contrary, no later than October 1, 2021, the Judicial Administrator shall develop a uniform budget document designed to show itemized revenues and expenditures for district courts, city courts, municipal courts, and traffic courts. Once finalized, the Judicial Administrator shall cause the form to be distributed to the chief judge of each district court, city court, municipal court, and traffic court that receives monies pursuant to an appropriation in this Act. Each such court shall submit its completed form to the supreme court no later than January 1, 2022. By the deadline set forth in R.S. 39:51(D), the supreme court shall submit a publicly available report containing all completed forms to the legislature and cause the completed forms to be published on its website.

SUPREME COURT ACTIONS TAKEN TO FULFILL THE ACT 116 MANDATE

In response to the mandate in Section 4 of Act 116, staff of the Supreme Court Judicial Administrator's Office (JAO) developed the uniform budget document with two goals in mind:

1. To meet all the requirements of Act 116;
2. To gather the required information in a form useful to the Louisiana Commission on Justice System Funding, which had determined that information on the costs of funding the judiciary was necessary for its work, thus avoiding multiple requests to the courts for information.

During the allotted three-month period, the JAO finalized expense and revenue categories, developed and tested software to collect data from the courts, and solicited feedback from judges, court administrators, and court staff statewide. The Judicial Administrator then distributed the online budget form to all chief or senior judges of the district courts (including juvenile and family courts), city courts, municipal and traffic

courts, parish courts, and courts of appeal on October 11, 2021. Although the parish courts and courts of appeal were not included in the Act 116 mandate, the Supreme Court Justices determined that the information from these courts would be valuable in court funding discussions both now and in the future, and included those courts in the information-gathering process.

The Supreme Court submits this report containing all completed forms and has made the forms publicly available on the Supreme Court website. The Supreme Court and its Judicial Administrator have fulfilled the requirements of Section 4 of Act 116 of 2021.

NOTES TO THE REPORTS

1. Each individual court submitted and certified the data in its report. The Supreme Court has not verified each court's data.
2. Each court submitted data from FY 2020-2021 (July 1, 2020 to June 30, 2021).
3. The court funding information provided by the district, family, juvenile, city, and municipal and traffic courts does not include direct support from state appropriations distributed by the Supreme Court. Such direct aid includes salaries for the district and city judges and certain office and employee expenses for the district courts as provided by statute. Revenue and expense information from the district and city courts combined with direct support to those courts from state appropriations is attached as Appendix 1.
4. This was the first request to the courts for detailed financial information in a uniform format. Some courts found the information challenging to provide in the required format, especially when it had to be obtained from non-court sources such as local governments.
5. The data may not be typical, as FY 2020-2021 was a year when COVID-19 and weather events affected court operations.

Additional feedback:

I am reporting all employees as Administrative Clerical as I was not aware, when compiling the numbers, that the online form would ask for salary and benefit detail according to the type of employee. In the general fund we also have one law clerk, several court reporters, and a managing administrator. If you need the salary and benefit expenses related to these individuals separately, please let me know. It will take more time for me to compile that information.

Additional feedback:

Please note that due to the fact that we don't always get our funds in the month they are for, there may be a slight difference in these figures compared to what we actually get. We actually get \$3,053.00 per month from Supreme Court. The actual salary (\$2450) plus ER Medicare, La Unemployment and SS Employer portion totals \$31,767. Therefore, the amounts on our form are a little off due to what month we receive them, which may have been right after this fiscal year had ended on June 30, 2021. Any funds over the salary of our FINS Officer is used for travel expenses, office supplies, registration fees, etc. throughout the year. If we do not use the entire funds, then in that case, the Supreme Court will deduct that amount from funds we are currently receiving. For example, during 2020, we did not use a lot of funds for travel due to Covid restrictions, therefore, part of our funds we not delivered to us this year.

Additional feedback:

The Police Jury pays from their general fund, the Court Reporter for her salary, her health benefits, retirement, and employer share of her medicare. This amount is \$50,570. Additionally from the Building Fund the Police Jury pay the whole courthouse utility bill, they are unable to discern what portion of that is for our office or courtroom benefit , as their are multiple offices within the courthouse.

Chief Judge: District Judge Stephen B. Beasley

Additional feedback:

The report from the Sabine Parish Sheriff's Office (SPSO) does not break down the bond fees into actual fees collected for charges for which a defendant posts bond or for actual fees incurred for posting bond from an arrest on a bench warrant. SPSO only reports one category of "bonds," which encompasses all fees collected on bonds.

Additional feedback:

The 11th JDC contracted with the 11th JDC to provide professional services. The FINS officer is responsible for payment of all of his expenses (taxes, supplies, etc.). The FINS account only pays the monthly fee to the FINS officer. The Sabine Parish FINS account does pay for the registration fee for the FINS conference for the Sabine Parish FINS officer.

Additional feedback:

Our budget is based on the calendar year.

COVID and Hurricanes changed certain things, for example, our parking being waived during this time frame.

Domestic Violence grant - grant ended 12/31/20, this income was received during this period but some expenses were prior to this time frame.

CVC Grant, Girls Counseling Grant, grant ended 9/30/20, this money was received during this period but some expenses were prior to this time frame.

Other employee was a DV grant worker.

Additional feedback:

Self-Generated Contempt Fines in the amount of \$2300 are civil contempt fines charged by the Judge in Court. FINS program fees received are insufficient for program expenses, therefore JEF contributes funding for expenses exceeding FINS appropriation. Commissioner retirees' health and life benefits are funded by Commissioner appropriation and are not included in the salary and benefits section. Other Expense: Commissioner retirees' and spouses health and life benefits paid for life via SC allocation to Commissioner. Re-Entry Court income, \$60k represents funds received from the DOC but not utilized until the next fiscal year.

Additional feedback:

This fund typically pays for conference expenses for the St. Mary Parish Drug Court staff. Due to the pandemic, many conferences were not held. Therefore, there were no expenses incurred.

Additional feedback:

At 6/30/2021, local government support from general funds included \$214,899 in reimbursable salaries paid by St. Tammany Parish Government for 22nd JDC employees. These funds had not been reimbursed from 22nd JDC to St. Tammany Parish at the end of the fiscal year reported.

Other Employees include 5 full time misdemeanor probation officers and one part-time (.5) janitorial employee.

Youth Service Bureau (YSB) Disbursements represent payments made to YSB for FINS/CASA services rendered for the Court. After much discussion with the Court Administrator and Deputy Court Administrator, it was determined that the best category to report the expenditure in was "Other Expenses". YSB employees are not employees of the Court and are not directed by the Court on how to perform their duties. In addition, disbursement made to YSB include their operating expenses.

Additional feedback:

Our JDC is comprised of 3 parishes, each of which has its own Criminal Court Fund and each of which categorizes items differently. On many of the expenses I did not have a number for 1 or more of the parishes. If I had no numbers I put 0. If I had any number I put what I had. Example - only 2 sheriffs gave me security costs, only 1 parish gave me cleaning costs. The parishes pay for a runner which I did not know the cost of or where to put it. Phone bills were impossible to break apart into phone/internet/cell phone. I just included what I could find under telephone. Only 1 parish reported a utilities number. Ascension includes an expense for "prosecutorial" fees which I put into jury expenses. Jury expenses would be much lower than normal because of Covid. No parishes reported a separate water bill although all 3 provide water to the courthouse. One parish provides software license agreements and computer backup but I had no number to include. The salary information from each parish was not by position so I listed all employees together as "other" and gave total. There are likely many more indirect payments by each parish but I couldn't determine them by parish records provided. I did not include the judges' mileage reimbursement as that is paid by the Supreme Court

Additional feedback:

The Child Support Fund is managed by the 23rd JDC. It reimburses Ascension Parish for 4 employees. The 5% fee is the only deposit. Travel/seminars number is low because conferences were cancelled due to Covid. Also, the court moved into a new Ascension Parish courthouse in January 2021 so there were some 1 time expenses for furniture and moving.

Additional feedback:

The FINS Fund is managed by the 23rd JDC. There is a FINS program in Ascension and St. James with a total of 6 employees. They rent an office in Ascension and office expenses are paid from our account. The parishes also contribute to the programs by covering payroll and benefits. We try to solicit donations from cities, the sheriff's office, Ascension Parish court and the school board to help offset some of the parish's cost.

Additional feedback:

For the Judicial Expense Fund Report, certain details and distinctions were requested that would have required an invoice-level examination and report. Because those expenditures are not named or distinguished on the account level, all dues, subscriptions, seminar expenses are

Revenue and Expense Information Form

reported as employee travel, employee conference/meeting, employee non-LSBA dues, and employee cell phones. Additionally, because the 24th JDC operates on a calendar year fiscal year, the both the revenue and the expenses reported are unaudited figures. Items characterized as "self-generated revenue" include statutorily mandated costs and fees.

Jefferson Parish provides parking, general services, some building maintenance and services, some telephone services, utilities, payroll, human resources, and accounting services to all court programs in varying degrees as in-kind support.

Finally, the forms included requests for jury costs and expenditures. The 24th Judicial District Court does not manage jury costs for Jefferson Parish; those are maintained or processed by Jefferson Parish or the Clerk of Court, and are not included in these reports.

Additional feedback:

For the District Courts Jefferson Parish Report and Commissioners Report, the revenues and expenses are reported for Fiscal Year January 2020 – December 2020 because information for the period requested (July 2020 – June 2021) is unaudited and not readily available for a July-June fiscal year. Management and clerical salaries are not maintained on an account or sub-department level. All Administrative salaries are reported as "Administrative-Clerical;" of those

Revenue and Expense Information Form

24 employees, 4 would be considered management.

For the Judicial Expense Fund Report, certain details and distinctions were requested that would have required an invoice-level examination and report. Because those expenditures are not named or distinguished on the account level, all dues, subscriptions, seminar expenses are reported as employee travel, employee conference/meeting, employee non-LSBA dues, and employee cell phones. Additionally, because the 24th JDC operates on a calendar year fiscal year, the both the revenue and the expenses reported are unaudited figures.

For all Specialty Treatment Court Funds (Drug Court, DWI Court, Intensive Probation Services, Lab, and Smart Supervision), revenues and expenses are likewise unaudited because the 24th JDC operates on a calendar year fiscal period. Additionally, salaries and benefits are not maintained separately as management, clerical, case manager, lab technician, etc., and some salaries are shared across several of those five programs according to the proportion of work or services attributable to each. Revenues and expenses are reported as specifically as possible.

Jefferson Parish provides parking, general services, some building maintenance and services, some telephone services, utilities, payroll, human resources, and accounting services to all court programs in varying degrees as in-kind support.

Finally, the forms included requests for jury costs and expenditures. The 24th Judicial District Court does not manage jury costs for Jefferson Parish; those are maintained or processed by Jefferson Parish or the Clerk of Court, and are not included in these reports.

Additional feedback:

The data in this report is derived from unaudited financial statements as the 24th JDC operates on a calendar year fiscal year. Salary and benefits are not classified according to job description; the Lab employs 3 lab techs and a supervisor. Support and administrative salaries are prorated across Specialty Treatment Court programs, so the salary and benefits listed in this report is not necessarily indicative of the salaries of the four Lab employees.

Additional feedback:

The LaSalle Parish Police Jury is responsible for payment of the following requirements of our office from the Criminal Court Fund: salaries of staff (3), professional fees, equipment (copier) rental, unemployment insurance, video arraignment costs, office supplies, law library costs, and employer contribution to employee fringe benefits (health insurance, retirement, and Medicare tax). These categories comprise the \$220, 358 contribution from local government. The amount indicated for Judges' Cell Phone includes cell service for the Judicial Administrator. Further, travel expenses incurred for the fiscal year 2020-2021 are not indicative of normal expenses for the Judge or employees due to COVID-19. Finally, since jury trial were prohibited for much of the period covered by this report, jury trial expenses are likewise not indicative of a normal year.

Additional feedback:

Office expenses and Professional Fees are not indicative of normal expenditures for the office. Because of COVID-19, our activities were limited. As a result, these expenses may have been reduced as compared to years with a "normal" caseload.

Additional feedback:

The FINS account is a flow-through account that compensates the 28th Judicial District FINS officer. Thus, the only income is from the Louisiana Supreme Court, and the only expense is the salary of the FINS officer. The amount is \$2,311 per month.

Additional feedback:

The local government of St. Bernard Parish provides the building and maintenance to the Judges, District Attorney's Office, the Clerk of Court and others. Therefore, the building and associated costs cannot be determined or quantified. Additionally, due to the nationwide Covid-19 pandemic, our courthouse was closed from March of 2020 until late June of 2020, which may have affected certain aspects of our revenue and expenses for the requested fiscal year.

The two "other" employees listed have job titles of (1) Clerk Specialist 1 and (2) Probation Officer/Community Service Officer.

Additional feedback:

As the Chief Judge of a two-judge general jurisdiction court, having no court administrator, this was a very difficult and time consuming job for me and my secretary. I am not an accountant, nor do I feel qualified to interpolate the Police Jury budget into this form. While I understand the need for information as to the costs to run a court system, this seems ineffective. The Police Jury does not report in this manner, and I am certain other judges have had just as much difficulty trying to complete this process. Either the Legislature or the Supreme Court should appoint a committee WITH ACCOUNTANTS to perform this for each jurisdiction if indeed an accurate response is required. Otherwise, it is just more busy work taking away from judicial duties. Also, please note that due to Covid during the time period used, there were many categories that were not a true reflection of the expenses we would ordinarily have, such as jury trials, CLE attendance, and the like.

Additional feedback:

2.5 employees = custodians

Clerical employees include court criers, minute clerks, law clerks, deputy clerks of court (first and second city court) court reporters

Please note, this submission for Civil District Court includes first and second city courts since the JEF pays the expenses of both of those courts and the judges assigned to those courts sit together with the district court judges as a single en banc for decision-making.

Additional feedback:

This appropriation was received late in the year in 2021 and originally funds were allocated until June 30, 2021. With the passage of Act 120 of the 2021 Regular Session of the Louisiana Legislature, an extension of time to expend funds under the original appropriation was granted through December 31, 2021.

Additional feedback:

Good Support Court is a program where the juvenile court contracts with Goodwill Industries to help and counsel individuals who are on the child support docket to prepare to seek employment and improve job readiness skills. Funding from that program comes from the 5% that is assessed on child support payments.

Additional feedback:

Fines and Court Costs are collected by the Natchitoches Police Department and City Marshal. The City Marshal creates a report from each court date outlining where all monies go. City Court receives monies from those court costs and that is deposited into our judicial account for operating the court. All fines go to the city.

Chief Judge: Danny W. Tatum

Additional feedback:

This was a COVID-19 year and our postage expenses are normally over \$10,000 per year. Certain years, we may have to make vehicle purchases. In other years, we may have software updates. For example, in August of 2021, just past your cut off time, we had an expenditure of \$7,687. In summary, a great deal of our expenses and revenue were greatly impacted by COVID and may not be typical of a standard year prior.

Additional feedback:

When civil judge's fees are above what is paid out to the Judge monthly, we transfer the additional funds to this account. Then if judges fees in civil are lower than what the judge receives in monthly pay we have this account as reserve to transfer the fees back to civil to cover the payments.

Additional feedback:

The "other" expense was a reimbursement for plexiglass installed at the courthouse. Those funds (-46,841) were provided by a state grant for the pandemic. There was no revenue in this account in regards to the grant, just the reimbursement.

DISTRICT, CITY, AND PARISH COURT FINANCIAL DATA FOR FY 2020-2021

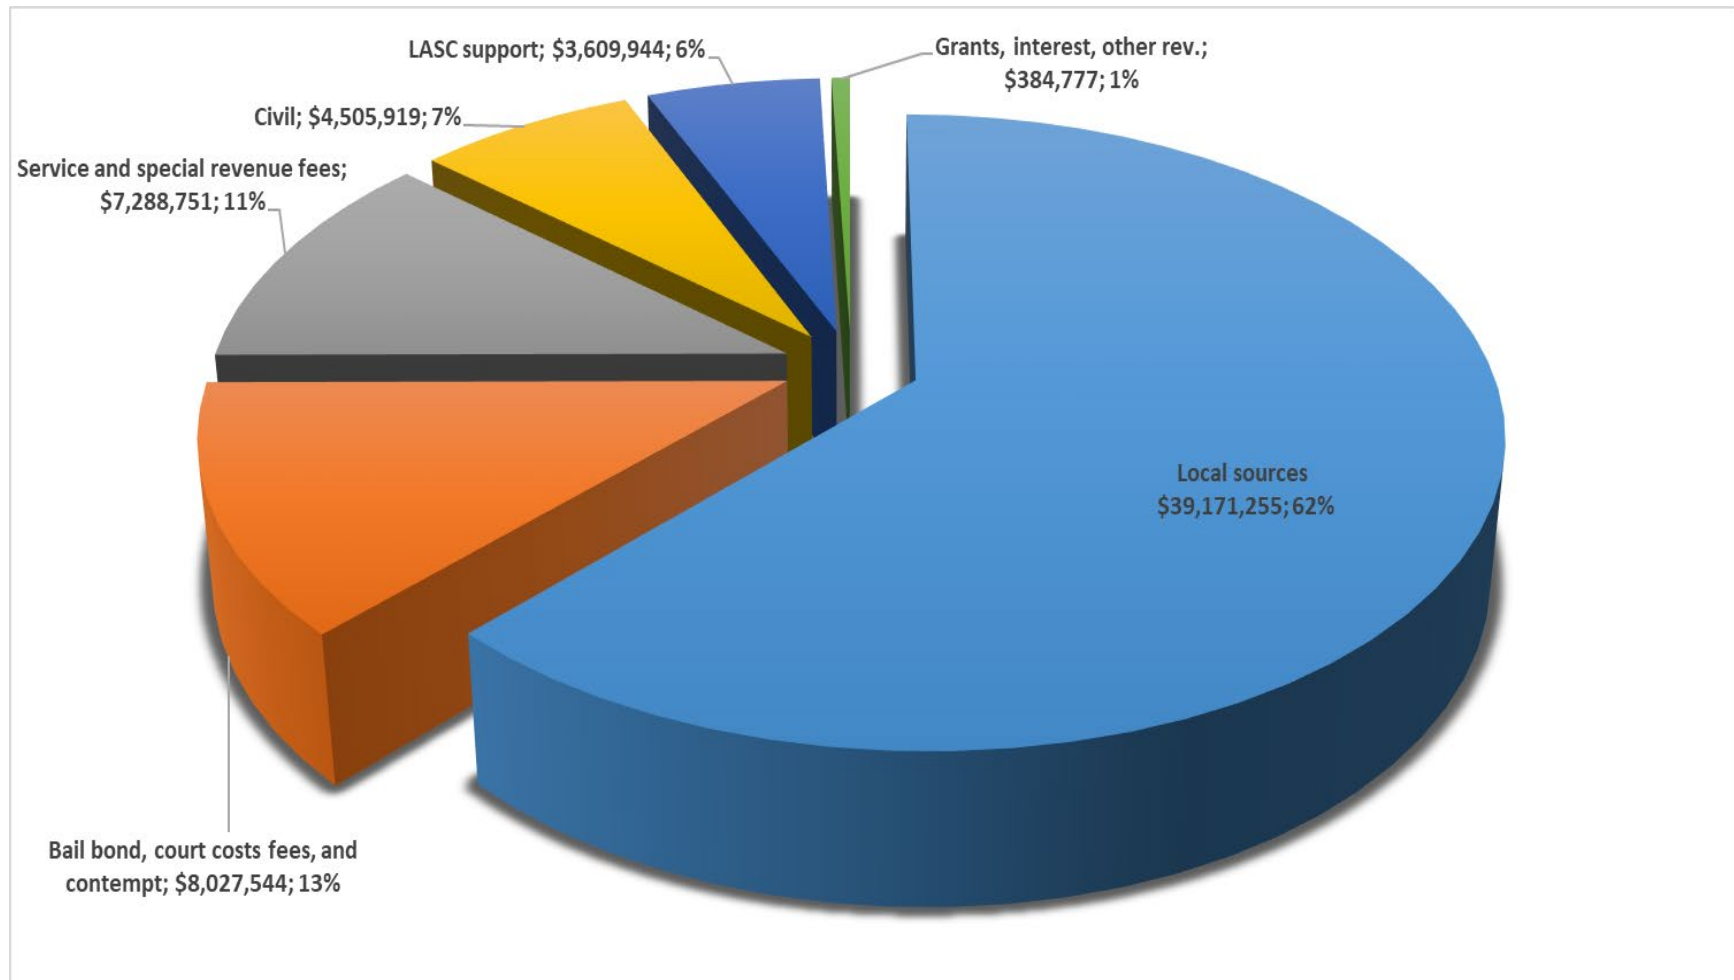

NOTES

1. The information comes from individual courts and from the Supreme Court. The Supreme Court has not independently verified the data from the individual courts.
2. Although these figures are complete as of January 25, 2021, they may be updated if revisions are received.
3. This information covers FY 2020-2021.
4. The data may not be typical, as this was a year when COVID-19 and weather events affected court operations.

PLEASE NOTE: THIS PDF FORM IS NOT A SUBSTITUTE FOR THE ONLINE FORM. THIS PDF IS FOR YOUR REFERENCE ONLY AND MAY NOT BE SUBMITTED BY ANY COURT.

THE INSTRUCTIONS BELOW ARE TO BE USED TO FILL OUT THE ONLINE FORM.

Revenue and Expense Form Instructions

Thank you for your cooperation in filling out this uniform revenue and expense data collection form. The Louisiana Supreme Court is requesting revenue and expense information from all lower courts, the collection of which will satisfy both the provision of the 2021-2022 judicial appropriations bill and the reporting necessary to the Louisiana Commission on Justice System Funding, which is working to find alternate means of funding the court system.

To facilitate the collection process, the Louisiana Supreme Court was tasked with the development and dissemination of a single data collection form. Though all courts are unique and this created challenges, we worked with courts statewide to make this form as quick and easy to complete as possible. Additional guidance and useful instructions are provided below and copied in the pdf.

General guidelines

- All forms and certifications must be submitted to the Supreme Court online NO LATER THAN NOVEMBER 22, 2021.
- Please use FY 2020-2021 (July 1, 2020 - June 30, 2021) data and provide full-year data.
- Please include all the revenue received and expenses paid by your court/court agency or on your court's behalf, but do not include any amount more than once.
- Please do not include amounts collected for another agency or state payments for judges' salaries and benefits.
- If accounted for separately, please complete a separate form for each court fund or account such as the judicial expense fund or the building fund. Note that expenses paid on your court's behalf by local government agencies or a dedicated Criminal Court Fund can either be included in the form of your primary court account or on a separate form.
- At the end of the form you will be asked to review a preview document and to certify that your answers are true and accurate before submitting the form to the Supreme Court. If a single form accounts for all revenue and expenses for your court, the Chief Judge will also be asked to review and certify the information provided. For all courts with more than one form, certification by the Chief Judge for the total amounts will be requested separately following submission of the last form.

A few additional notes about navigating the uniform collection form:

- The selection of revenue and expense categories at the beginning of each section determines the pages/questions that you will see. It may be helpful to review the example PDF that was sent with this link to review the various categories prior to filling out the form. PLEASE NOTE THAT YOU MUST SUBMIT YOUR INFORMATION ONLINE – THE EXAMPLE PDF IS NOT THE FORM.
- If your court receives non-monetary support from local government sources (such as court space

or building maintenance), please select "local government support" when completing the form for your primary account to give information on non-monetary as well as monetary support provided.

- Returning to previous pages using the "back" button will delete any entries on subsequent pages. A review page is provided at the end of the each major section (revenue and expense) with links to previous pages and editable tables.
- Answers are required for every question on each page (indicated by an asterisk). Please enter a zero (0) for categories that are not applicable to your court.
- For money amounts, decimals are not allowed. Please round totals up to the nearest dollar if the total cent value is equal or greater to .50 or down if lower than .50. However, you may use decimals in the court personnel section.
- If you have revenue or expenses that are not matched to one of the provided descriptions, please use the "other" category located at the end of each major section.

Introduction and instructions - please select your court name and then read the instructions before you continue.

Court name - please begin typing to select from the list of courts *

Thank you for your cooperation in filling out this uniform revenue and expense data collection form. The Louisiana Supreme Court is requesting revenue and expense information from all lower courts, the collection of which will satisfy both the provision of the 2021-2022 judicial appropriations bill and the reporting necessary to the Louisiana Commission on Justice System Funding, which is working to find alternate means of funding the court system.

To facilitate the collection process, the Louisiana Supreme Court was tasked with the development and dissemination of a single data collection form. Though all courts are unique and this created challenges, we worked with courts statewide to make this form as quick and easy to complete as possible. Additional guidance and useful instructions are provided below and copied in the pdf.

GENERAL GUIDELINES All forms and certifications must be submitted to the Supreme Court online NO LATER THAN NOVEMBER 22, 2021.

Please use FY 2020-2021 (July 1, 2020 - June 30, 2021) data and provide full-year data.

Please include all the revenue received and expenses paid by your court/court agency or on your court's behalf, but do not include any amount more than once.

Please do not include amounts collected for another agency or state payments for judges' salaries and benefits.

If accounted for separately, please complete a separate form for each court fund or account such as the judicial expense fund or the building fund. Note that expenses paid on your court's behalf by local government agencies or a dedicated Criminal Court Fund can either be included in the form of your primary court account or on a separate form.

At the end of the form you will be asked to review a preview document and to certify that your answers are true and accurate before submitting the form to the Supreme Court. If a single form accounts for all revenue and expenses for your court, the Chief Judge will also be asked to review and certify the information provided. For all courts with more than one form, certification by the Chief Judge for the total amounts will be requested separately following submission of the last form.

A few additional notes about navigating the uniform collection form:

The selection of revenue and expense categories at the beginning of each section determines the pages/questions that you will see. It may be helpful to review the example PDF that was sent with this link to review the various categories prior to filling out the form. PLEASE NOTE THAT YOU MUST SUBMIT YOUR INFORMATION ONLINE – THE EXAMPLE PDF IS NOT THE FORM.

If your court receives non-monetary support from local government sources (such as court space or building maintenance), please select “local government support” when completing the form for your primary account to give information on non-monetary as well as monetary support provided.

Returning to previous pages using the “back” button will delete any entries on subsequent pages. A review page is provided at the end of the each major section (revenue and expense) with links to previous pages and editable tables.

Answers are required for every question on each page (indicated by an asterisk). Please enter a zero (0) for categories that are not applicable to your court.

For money amounts, decimals are not allowed. Please round totals up to the nearest dollar if the total cent value is equal or greater to .50 or down if lower than .50. However, you may use decimals in the court personnel section.

If you have revenue or expenses that are not matched to one of the provided descriptions, please use the “other” category located at the end of each major section.

Court Revenue - Please include all collections, deposits, and other court revenue. Please do not include money collected for other agencies.

***Appellate courts should detail any criminal filing fees in the “other” revenue section.**

Court revenue fund or account name *

Please select the types of collections, deposits, and revenue that are deposited into this account. For each type you choose you will be asked for more details on a separate page. *

<input type="checkbox"/>	Louisiana Supreme Court administered grants and appropriations
<input type="checkbox"/>	Grants from sources other than the Louisiana Supreme Court
<input type="checkbox"/>	Local government/Parish support - Criminal Court Fund, local government general funds, non-monetary support
<input type="checkbox"/>	Civil fees - Filing fees, building fees
<input type="checkbox"/>	Service fees - Hearing officer fees, child support fees, probation fees, specialty court fees, bench warrant fees, docket fees, credit card fees, service charges, processing fees, administrative fees such as copies or transcripts
<input type="checkbox"/>	Special revenue fees - CASA/FINS fees, indigent transcript fees, legal assistance fees, building fees in criminal cases
<input type="checkbox"/>	Self-generated fees - Bail bond fees, contempt fines/fees, fines paid directly to the court, criminal court costs, fees designated for court operations, bond forfeitures
<input type="checkbox"/>	Interest
<input type="checkbox"/>	Other
<input type="checkbox"/>	None

Grants administered by the Supreme Court and other LASC appropriations; please provide information for each grant and/or appropriation separately. If there is more than one, please choose the “add another” button at the bottom of the page and add more grant information until all grants have been included.
