

## List of Registered American Sign Language Court Interpreters

In Louisiana, a court interpreter is listed as “registered” in the language for which he tested if the interpreter: completes a two day training course, passes a standard written English examination as provided by the National Center for State Courts, passes a written translation examination, agrees to be bound by Part G, Section 14 of the General Administrative Rules for all Louisiana Courts: *The Code of Professional Responsibility for Language Interpreters*, and passes a criminal background check.

American Sign Language interpreters are not required to take the written translation examination, but instead shall provide proof of a valid Specialist Certificate Legal (SC:L) or a national generalist certificate from the Registry of Interpreters for the Deaf (RID).

The following interpreters have successfully completed all of the above requirements to become “registered” court interpreters in American Sign Language.
