

SUPREME COURT OF LOUISIANA

No. 2018-OB-2092

IN RE: ARTHUR GILMORE, JR.

ON APPLICATION FOR READMISSION

Crichton, J., dissents and assigns reasons.

Similar to the three dissenting members of the Disciplinary Board, I dissent from the grant of conditional readmission to the practice of law. As set forth in the per curiam, the petitioner, as an official elected government official, committed a serious felony crime involving racketeering and extracting bribes. In my view, he has not proven in his application for readmission that he has the requisite honesty and integrity to practice law, and I would deny readmission.
